

PROFESSIONAL FILM DRYING CABINETS

Manufactured by us for over forty years, our professional film drying cabinets provide the fastest, safest method of drying film and paper in a completely dust-free environment. Toughened glass, stainless steel fittings, polyester coatings and over-specified components ensure reliability and long service. All cabinets come complete with drip tray, stainless steel hanging rods and suitable film holder supports.

- Professional, long-life driers used by top darkroom technicians worldwide
- Fast, efficient dust-free drying
- Super-efficient 50 micron air filter
- Bell sounds to tell you when films are ready
- Shuts itself off after each drying period, saving on power
- Four different models
